- f. The grading of a player's talent to decide at which level he or she will play shall be carried out by an evaluation committee for each division. The committee should be made up of well qualified people and shall be approved by the O.M.H.A. Executive. By virtue of the Constitution, Executive members are members of the Committee. The Director of Hockey, the Division Convenor and the competitive coach may be part of the assessment team. The other assessors should not include anyone who has applied for a

house league official position nor should it include anyone with a child trying out in that division. Their purpose and responsibility is to see that all players receive a fair and accurate evaluation.

- g.** The O.M.H.A. may at its discretion form one, one or more “B” competitive teams in each division of hockey.
- h.** The number of levels in a division, by G.H.A. rules, are decided by the total number of teams available in the G.H.A. for that division. Four to seven teams are needed for one level, eight to eleven for two at least twelve for three levels.
- i.** G.H.A. will inform the OMHA executive with the number of teams required per level based on the number of children registered at a particular level. The 25-50-25 rule will apply for Novice, Atom and PeeWee with a 50-50 split for Bantam and Midget.
- j.** If convenors believe that the formula in “j” above will not be appropriate for the talent available, the matter may be referred, through the Directors of Hockey, to the Board of the G.H.A. who will convene a committee to arbitrate the matter.
- l.** Evaluation session will be done in numerical order and not by name.
- m.** After the first session, the players will be regrouped closer to ability from the results of the first evaluations.
- n.** No team roster shall be finalized until all Ranger team cuts are finalized.
- o.** At the end of each session, the committee shall meet to discuss the evaluations.
- p.** With the aid of the evaluation committee, conduct the tryouts following the prescribed formula and methods as set out below by the O.M.H.A. Executive;

  - i). Ensure that all players have been notified of their tryout schedule.
  - ii). The evaluation committee will evaluate all players by way of controlled scrimmages and/or drills designed for the appropriate level to assist in the rating of all players.
  - iii) The players will be measured using a rating system for each drill and exhibition game. All totals will be added together to give each player a total score.
  - iv) The director with the aid of his or her assistants will separate all the children into appropriate levels and provide all statistical information to the coaches.
  - v) **For the Bantam and Midget Divisions, coaches will select their own teams by way of a draft. It should be noted that when a coach selects their team at the initial draft their A and B coaches will each select two players less than their final roster. Tentative player allocations for Novice, Atom and PeeWee teams will be carried out by the Division Director and Convenor followed by balancing games.**

- vi) Coaches will be allowed to protect only one player other than their own son provided that player is deemed appropriate to play at the same level as the coach's son and the balance of the division is still respected.
- vii) All A coaches will evaluate the B balancing games and each A coach will select two players from those balancing games to complete their roster
- viii) All A coaches will evaluate the B balancing games and each A coach will select two players from those balancing games to complete their roster.
- ix) All B coaches will evaluate the C balancing games and each B coach will select the required number of players from C to ensure a full team roster.
- x.) Internal balancing games will take place at this point to ensure that all levels and teams are balanced within the O.M.H.A.
- xi) The director with the aid of his or her assistants will move any player to another team and or level to ensure that each child is playing at the appropriate level and that all teams are balanced equally.
- xii) Encourage the movement of players up or down in order to help in properly assessing their capabilities.

**R.D. & R 30 – Budget:**

- a. Each team under the jurisdiction of the O.M.H.A. must submit their budget using the form provided by the O.M.H.A. and according to the following schedule:
  - i) Initial budget: by November 1<sup>st</sup>
  - ii) Interim budget: by January 1<sup>st</sup>. This budget must be acknowledged and bear the signature of all parents or guardians involved.
  - iii) Final budget signed by all parents: by April 15th.
  - iv) Failure to produce a final budget at season's end will prevent the issue of the equipment deposit refund.

**Failure to comply with the above regulation will result in the suspension of team activities.**

**R.D. & R. 31 – Ice Hour Guidelines:**

- a. The following table provides the minimum number of ice hours recommended for teams according to their level.

Novice - Minimum of 10 full ice sheets and/or 20 half for practice (may include preseason ice).

Atom - Minimum of 10 full ice sheets and/or 20 half for practice (may include preseason ice).

PeeWee - Minimum of 10 full ice sheets and/or 20 half for practice (may include preseason ice).

Bantam - Minimum of 8 full ice sheets and/or 16 half for practice (may include preseason ice).

Midget - Minimum of 5 full ice sheets and/or 10 half for practice (may include preseason ice).

Juvenile - Minimum of 2 full ice sheets for practice.

League game numbers are as GHA prescribes.

For accounting purposes, each league, exhibition or balancing game count for 1 hour of ice. For practices, each hour on the ice, whether full ice or half ice, is considered as 1 hour of ice time.

**b.** Tournaments

- i) A team should be allowed to participate in a maximum of five tournaments including two out-of-town. For the purpose of this guideline, out-of-town means outside of 100 km radius or any location in the Province of Quebec (as set out by the O.D.M.H.A. guidelines). For the purpose of ice hours, each tournament entered would count for only 2 ice hours. A team may make application to the Executive to participate in more tournaments provided such applications are made in writing and include the signatures of all team parents in favour and opposed.

**c.** Play-offs

- i) In counting ice hours, the play-offs will be considered as being only 2 hours of ice time.

**d.** Exceeding Ice Hour Guidelines

- i) A team may make application to the Executive to exceed the ice hour guideline maximum provided that the application is made in writing and sign by all team parents in favour and opposed.

**e.** Operating with fewer Ice Hours than Guidelines Minimums

- i) This is a team decision but it is not a recommended practice. The minimum hour guidelines are provided to indicate the minimum number of hours to maintain a good developmental hockey program. If a team plans to operate under the minimum number of hours indicated, this information should be provided to the Director of Hockey in writing signed by all team parents.

f. APPLICATION OF ICE HOUR GUIDELINED EXAMPLE:

i) Provided in the registration are: 10 hours of practice ice per team (which may be used as 20 half ice practices or 10 full ice practices or any combination), 18 league games, 2 or 3 balancing games and 2 play-off hours. This accounts for 30 to 40 of the ice hours permitted under the guidelines. The balance of the hours come from extra ice purchased for practices or exhibition games and from tournaments.

ii) If a team made up 30 of its hours from the registration provided ice, and had available 95 hours under the guidelines it would be able to use an additional 65 hours of ice. This could be made up as follows:

5 tournaments	10 hours
10 exhibition games	10 hours
45 practices	45 hours
Total	65 hours

iii) If a team decided on 60 hours with 40 hours being made up of ice provided for under registration, the following might be done.

2 tournaments	4 hours
10 exhibition games	10 hours
6 practices	6 hours
Total	20 hours
